Malcolm Hiort

Malcolm is an experienced lecturer and workshop presenter and has taught craniofacial therapy throughout Australia since 1992.

A remedial massage therapist, he has 25 years experience in private practice, focussing on rehabilitation of musculoskeletal dysfunction, cranial and fascial restrictions, pain and performance ability.

Treatments are available in inner Melbourne.

He is the founding director of a holistic health clinic with a multi-disciplinary focus and holds a Graduate Diploma in Healing Therapies, a Diploma of Arts, a Diploma of Remedial Massage and certificates in several manual therapy disciplines. (His research interest is the objective measurement of the cranial rhythm.)
